<td>SCSC</td>
<td>Soil and Crop Sciences</td>
</tr>
<tr>
<td>ESSM</td>
<td>Ecosystem Science and Management</td>
<td>WFSC</td>
<td>Wildlife and Fisheries Sciences</td>
</tr>
</tbody>
</table>

### Minors

A minor is a concentration of courses that focus on a single area or an interdisciplinary perspective as developed by the department or program that offers the minor (TAMU, 2015). Coursework consists of 15-18 hours with a minimum of 6 in residence at the 300-400 level.

All minors are available at the following website: [http://registrar.tamu.edu/forms/UniversityApprovedMinors.pdf](http://registrar.tamu.edu/forms/UniversityApprovedMinors.pdf). For specific information, please visit the departmental website, speak with the departmental advisor, and consult the TAMU Catalog.

ALED students must declare a minor by the end of their second semester at TAMU. The academic advisor in the major-granting department will add the minor for the student. In some cases, approval by the advisor of the minor-granting department is required before the minor is added by the advisor in the student's major. A minor is displayed on the transcript after graduation but not displayed on the diploma.

### University Core Curriculum

For all UCC (University Core Curriculum) requirements and electives, use the current Texas A&M University Catalog available at [http://core.tamu.edu](http://core.tamu.edu).
